

Ordinance No. 5-90

An Ordinance Requiring the Numbering of All Houses or Other Buildings to Promote the Public Safety and General Welfare of the Residents of West Manheim Township.

This Ordinance was adopted to ensure that emergency personnel and vehicles can properly respond to individual homes or businesses.

Every owner or occupant of every building within the Township shall cause this number so assigned to be posted conspicuously on the street side of the building or on the entrance gate post or the mailbox or beside the driveway, in a manner that it can be read during the daylight hours from the road or street by persons of normal vision. Said numbers are to be of a durable light-reflecting material or to be a color which contrasts with the immediate background, and be at least three (3) inches high for residential uses and six (6) inches high for nonresidential uses.

Remember, if your mailboxes are in a group or on the opposite side of the street from your building, the numbers must be placed on the structure or the driveway to ensure compliance with this Ordinance.
